Source : Commission européenne - DG TAXUD

Le Royaume-Uni n'est plus un État membre de l'Union européenne, mais jusqu'à la fin de la période de transition, il faisait toujours partie de l'union douanière de l'UE. En raison de l'absence de données sur les échanges intra-commerciaux dans le système de surveillance, les totaux des données commerciales de l'UE incluent donc également les données britanniques jusqu'au 31/12/2020. Les données à compter du 01/01/2021 (à partir de la semaine 28) ne sont donc pas comparables avec les données jusqu'au 31/12/2020 (semaine 27). // The United Kingdom is no longer a Member State of the European Union, however until the end of the transition period it was still a part of the EU Customs Union. Due to the absence of intra-trade data in the surveillance system, the totals of the EU trade data therefore also include the UK data until 31/12/2020. The data as of 01/01/2021 (from week 28) is therefore not comparable with the data until 31/12/2020 (week 27).

Afin d'aider à la compréhension des données fournies suite à la sortie du Royaume-Uni de l'Union Européenne, sont présentées en fin de document les données d'échanges entre l'UE (27) et le Royaume-Uni, ainsi que les données d'échanges entre la France et le Royaume-Uni, pour les principales céréales (en volume). // In order to help understanding the data provided following the United Kingdom's exit from the European Union, the trade data between EU (27), France and United Kingdom are presented at the end of the document.
