

## Données du commerce extérieur de l'Union européenne / EU grain trade data

Source : Commission européenne - DG TAXUD

Un problème technique lié à la source de données sous-jacente a limité la disponibilité des données au 15 janvier 2026.

Les données relatives aux exportations de la France sont incomplètes depuis le début de l'année civile 2024. Les données relatives aux exportations de la Bulgarie et de l'Irlande sont incomplètes depuis le début de la campagne de commercialisation 2023/24. Les données d'importation et d'exportation pour la Pologne sont manquantes depuis octobre 2025. Les services de la Commission sont en contact avec les États membres concernés afin de résoudre ces problèmes.

Les chiffres anormalement élevés des exportations de blé dur communiqués par la Roumanie pour 2025/26 pourraient être liés à une erreur de déclaration qui a été identifiée et pour laquelle des mesures correctives seraient en cours.
